

Torrey Pines Sailing Club Water Instruction leading to Certification on Victory Sailboats

(Name) _____ I feel I have demonstrated the ability to perform the following tasks during my on water sailing instruction.

A.

- _____ Doing a safety check for emergency equipment and PFD's.
- _____ Rigging the boat and preparing to set sail
- _____ Fueling and starting the motor, including proper shutdown by running carb out of gas and refueling.
- _____ Leaving the dock area safely
- _____ Raising and lowering the sail while on the bay
- _____ Returning safely to the dock
- _____ Down rigging and securing the boat
- _____ Securing the motor

B.

- _____ Under sail being able to: Sail close hauled, falling off and running on a broad reach, Running down wind
- _____ Tacking, and the ability to set a course and reach the destination.
- _____ Controlled jibing
- _____ Trimming sails for maximum efficacy
- _____ Making emergency corrections for gusty conditions

C.

- _____ Approaching a buoy as if you were coming to a mooring
- _____ Knowledge of anchoring techniques
- _____ Retrieving an object under sail (man overboard drill)
- _____ Sailing rules and avoiding other vessels
- _____ Knowledge of San Diego Bay, its attractions, docking and anchoring spots, and areas to avoid

_____ I understand and plan to abide by club rules and procedures

- *I will sign out every time I take a boat for a sail.
- *I will only take out boats that I am qualified for, and that are not reserved
- *I will report any damage to the boats.
- *I will down rig and stow the boat in the approved manner, including running the motor in a turned off position until the gas has been used up and the motor stops running.
- *I will try to attend a few maintenance parties to do my share in maintaining the boats.

If you wish to become qualified on the larger boats within the fleet (Catalina 27, and Newport) the following is the check out procedure:

You must first must complete at least 20 hours of skippering a Victory, or demonstrate that you have had comparable large boat experience as a skipper. You must then be checked out by one of the club's sailing instructors. You agree that you will not sail these boats past Point Loma (Ballast Point) until you have had coastal navigation classes and are checked out by the boat captain. To sail the larger boats you must demonstrate:

- *Motor operation and fueling requirements
- *Rigging and down rigging the boat
- *Leaving and returning to the dock
- *Operation and emptying of the head
- *Reefing
- *Radio operation
- *Boat Lightning and nighttime procedures
